

As I looked around the dining room to-day, I was touched to the bottom of my heart by the care that is being given to each resident. The staff are working their hearts out. One of them said to me, "I feel an atmosphere in the room, This is a family." I couldn't agree more.

More than once, in the middle of the night someone comes to check on my safety. My physical pain is offset by the help I am given to get dressed and undressed.

Marie France is doing a superhuman job as manager to oversee the whole operation, working long hours way beyond the call of duty, communicating with staff and residents, attending to the endless detail of this residence, with the help of Greg and now Margie.

I am grateful beyond measure to be a resident at Fulford. Thank you also to the board and each of its members for your fidelity.

Catherine McKeeney.
