

As a Resident of Fulford, I feel led to share the following with you. I realize how difficult it must be to be temporarily more separated than usual from your loved ones plus the fact we do not know how long the lockdown will continue.

Having listened, read and watched some of the descriptions connected to senior homes in general at this time, I want everyone to know that the care, spirit, loving atmosphere here is superb.

The ladies are enjoying some new experiences. Due to government regulations, we sit two to a table, two meters apart. The result is we never know where we will sit and thus are getting to know one another in a new way. May I add, DELICIOUS MEALS continue through the smiling faces of the kitchen staff as they come to serve the meals from the pantry.

Communications are being made by Skype, Email, Face Time and by phone. We are looking forward to the second floor balcony opening when connections with families, standing below, will be able to be made.

Today as a lovely surprise some of the staff formed a choir at lunch time and sang, "How Great Thou Art." Just beautiful !

The blessing of the meals (by MICROPHONE) including prayers for protection etc. have become part of daily life at Fulford.

In closing, Fulford was founded on God. It is He who continues to rule and reign through the hearts of everyone here as, "He works in mysterious ways His wonders to perform."
